METAL PLUS continues to bring new innovative products to the industry as we continue to supply our customers with our dependable Product Line of Standing Seam Metal Roofing Brackets. We are now introducing our newest product, the Universal Safety Anchor (USA)!

The name Universal Safety Anchor, and its innovative design, implies exactly what it's capable of doing! It is able to accommodate multiple panels with no loose components or set screws that gouge panels like the anchors now currently available to the industry... The Metal Plus Universal Safety Anchor is not only user friendly but makes replacement parts a thing of the past.

METAL PLUS continues to grow and expand both domestically and internationally. We are committed to listening to our customers and always strive to design and bring to market products that will provide safety, comfort and increase productivity.

We, again, wish to extend a great big THANK YOU! to all our loyal customers who are truly instrumental to the continued growth and success of Metal Plus. *MOH*
